About this notice. This notice explains what personal data Frabs collects, why, how long it is kept, which cookies are used and what rights you have. For questions or to make a privacy request, email info@frabs.net.

1. ABOUT THIS NOTICE

1.1 This notice explains how Frabs, the business that operates frabs.net, uses personal data, and the cookies and similar tools it uses. In this notice "Frabs", "we" and "us" mean that business. Words that start with a capital letter, such as Service, Panel and Product, have the meaning they have in the Frabs Terms and Conditions. This notice replaces the separate Frabs Privacy Notice and Frabs Cookie Policy.

1.2 It covers personal data that we collect when you visit frabs.net, register or use your account at frabs.net, use the Panel at panel.frabs.net or at your company's own Custom Domain, use the sales chat, contact us, apply to our partner or reseller programmes, or pay for the Service.

1.3 It does not cover the network data that we process for our customers inside the Service, such as information about their servers, hosting accounts, virtual servers and their own customers, for all three Products. For that data the customer decides how it is used, and we act only on the customer's instructions under Schedule C of the Terms. If you are a customer of one of our customers and you have a question about that data, please contact that customer first.

1.4 Frabs is a service for businesses. We do not knowingly collect personal data from anyone under 18.

2. WHO IS RESPONSIBLE FOR YOUR DATA

2.1 For the personal data described in this notice, Frabs is the controller. This means that we decide why and how it is used.

2.2 You can contact us at info@frabs.net, or with the contact form at frabs.net/contact. If you cannot sign in, use the contact form and choose Account Access. For a privacy request, put "Privacy request" in the subject line or choose Privacy as the topic.

2.3 Frabs is a small business and has not appointed a data protection officer. Privacy questions are handled by the person who runs Frabs.

3. WHAT WE COLLECT AND WHY

3.1 The table below shows the personal data we collect, where it comes from, why we use it and the legal basis that allows us to.

Data	Where it comes from	Why we use it	Legal basis
Account details: your name, work email address, company name, country, and, if you add them, your job title and phone number, and your role in the account	You, when you register or edit your details, or a colleague who invites you	To create and run your account and to send you messages about the Service	Contract

Data	Where it comes from	Why we use it	Legal basis
Registration and trial checks: the domain of your work email address, and whether a trial has already been used for it	You, when you register	To check that the address is a business address and to give one free trial per company	Contract and legitimate interests (preventing misuse of the free trial)
Sign-in and security data: sign-in codes, your authenticator app setup, recovery codes (stored only in a form that cannot be read back), device and browser details, IP address and sign-in times	You and your device	To keep accounts secure, spot misuse and tell you about sign-ins from new devices	Legitimate interests (keeping the Service secure)
Billing details: billing name, billing address, country, company and VAT numbers, card type, last four digits of the card, invoices and payment status	You and Stripe	To take payment, issue invoices and keep tax records	Contract and legal obligation
Account activity: actions taken in your account and the Panel, such as approvals and settings changes, shown in your audit log	Your use of the Service	To give you an audit log, to support you and to keep the Service secure	Contract and legitimate interests
Custom Domain: the domain you choose for your Panel and the results of our checks of its DNS records	You and public DNS	To make your Panel available at that address and to keep it secure	Contract
Partner and reseller applications: your company website, the page showing the Frabs badge, the products and number of licenses, and anything you tell us	You	To decide on your application and run the programme	Contract and legitimate interests
Support tickets: the messages and details you put in a ticket	You	To answer your request	Contract
Sales chat: name, email address, organisation, topic, your messages, IP address and browser details	You	To answer questions about buying Frabs and to prevent spam and abuse	Legitimate interests (answering enquiries and keeping chat safe)

Data	Where it comes from	Why we use it	Legal basis
Website and Panel visits: the pages you view and when, the website that sent you, your country, your browser and device type, and your IP address (the address itself for 30 days, then only as a one-way keyed hash). When you are signed in, also which account and user you are	Your browser	To understand how frabs.net and the Panel are used so we can improve them, to keep them secure and to fix faults. Used only by Frabs, never shared or sold	Legitimate interests (improving and securing our website and Service)
Google Analytics on frabs.net, only if you accept it in the cookie banner: the pages you view, how you reached the site, your approximate location and your device and browser type, collected by Google with cookies	Your browser, through Google	To understand how frabs.net is used so we can improve it. Not used for advertising	Consent, which you can withdraw at any time with Cookie Settings
Error reports: if something goes wrong in your browser or on your server, the error, the page and your browser type, and for your server the details it reports about its own health	Your browser and your Frabs Sensor	To find and fix faults	Legitimate interests (keeping the Service working)
Emails we send: delivery and bounce information	Our email provider	To make sure our messages reach you and to fix delivery problems	Legitimate interests
Emails you send us: your address and the message	You	To reply and to keep a record of the conversation	Legitimate interests and contract

3.2 Full card numbers are handled by Stripe and are not stored by us.

3.3 Where we rely on legitimate interests, we have considered your interests and rights and believe that they do not override ours. You can ask us about this at any time.

4. WHAT WE DO NOT DO

4.1 We do not sell personal data.

4.2 We do not use advertising cookies, tracking pixels or social media plug-ins that track you. The only third-party analytics is Google Analytics on frabs.net, which loads only if you accept it in the cookie banner. We also measure visits to frabs.net and the Panel ourselves, on our own servers, without storing anything on your device for it, and we use the results only inside Frabs. Browsers that send a Do Not Track or Global Privacy Control signal are not counted.

4.3 We do not use tracking pixels or link tracking in our emails.

4.4 We do not send marketing emails. The emails we send are service messages, such as sign-in codes, alerts, invoices, ticket updates, trial reminders and changes to our terms.

4.5 We do not make decisions about you that have legal or similarly significant effects based only on automated processing.

5. WHO WE SHARE DATA WITH

5.1 Service providers. These companies help us to run Frabs and only receive what they need: Leaseweb (hosting), Stripe (payments), Resend (sending our emails), Cloudflare (protecting forms and chat from bots, and serving the Panel at a Custom Domain) and, if you accept analytics cookies on frabs.net, Google (Google Analytics). They are listed in Schedule D of the Terms.

5.2 Other people in your account. Other Authorised Users in your account can see your name, email address, role and activity in the account's audit log.

5.3 Frabs staff. We may look at an account in read-only mode to give support or to keep the Service secure. We record a reason for each view, it lasts for a limited time, and it is shown in the account's own audit log.

5.4 Advisers. We may share data, under a duty of confidentiality, with accountants, insurers and legal advisers who help us to run the business.

5.5 Authorities and buyers. We may share data if the law requires it, to protect our rights or the safety of others, or with a buyer if the business is sold. A buyer would have to protect the data in the same way as set out here.

6. HOW LONG WE KEEP IT

6.1 We keep personal data only for as long as we need it for the reasons above. The usual periods are in the table.

Data	How long we keep it
Account details, account activity and support tickets	While your account is open, and for up to 60 days after it ends (30 days to export your records, then deletion within a further 30 days)
Record that a company domain has had a free trial	For as long as Frabs offers a free trial, so that each company has one trial
A registration that is not finished	Up to 24 hours
Billing records and invoices	For as long as the law requires for tax records, normally six years
Partner and reseller applications	While the programme applies to you, and for up to 2 years after a decision
Sales chat messages	12 months

Data	How long we keep it
IP addresses in sales chat	30 days, after which they are replaced with a salted hash that cannot be turned back into the address
Website and server logs	Up to 90 days
IP addresses in records of visits	30 days, after which only a one-way keyed hash is kept
Records of visits to frabs.net and the Panel	13 months. Daily totals that contain no personal data, such as the number of visits, are kept longer
Error reports	Until the fault is fixed, and then for up to 12 months
Sign-in and security logs	Up to 12 months
Email delivery logs	Up to 90 days
Record of staff actions on the Service	Up to 2 years

6.2 We may keep data for longer if we need it to deal with a legal claim or if the law requires it. Backup copies are deleted as the backups are replaced.

7. WHERE DATA IS PROCESSED

7.1 Our servers are in Amsterdam, in the Netherlands, and are run by Leaseweb. Data held there is covered by UK rules that allow data to move freely to the European Economic Area.

7.2 Stripe, Resend, Cloudflare and Google may process some data in other countries, including the United States. When data is transferred out of the UK, we use a lawful transfer method, such as an adequacy regulation or standard contract terms approved for use in the UK. You can ask us for details by emailing info@frabs.net.

8. COOKIES AND SIMILAR TOOLS

8.1 A cookie is a small file that a website saves on your device. Similar tools, such as browser storage, work in the same way and are covered here. Most of what we use is strictly necessary for frabs.net and the Panel to work, and the law does not require consent for it. Google Analytics on frabs.net is used only if you accept it in the cookie banner. If you reject it, or do not choose, it is not loaded.

8.2 Strictly necessary cookies and storage:

Purpose	What it does	How long it lasts	Set by
Account sign-in	Keeps you signed in to your account at frabs.net	Until you sign out, or for up to 7 days if you choose Keep Me Logged In	Frabs
Panel sign-in	Keeps you signed in to the Panel	Until you sign out, and for up to 30 days at most	Frabs
Security token	Protects forms against forged requests	Until you close your browser	Frabs
Trusted device	Remembers a device you have signed in from, so that we can tell you about sign-ins from a new device	Up to 90 days	Frabs
Registration in progress	Lets a registration carry on after you reload the page, so a payment is never taken twice	Until you finish or close the tab	Frabs, in browser storage
Billing change in progress	Remembers a payment or card change that is being processed, so it is never sent twice	Until the change is finished	Frabs, in browser storage
Chat session	Keeps your sales chat conversation together if you reload the page	Up to 24 hours	Frabs, in browser storage
Chat details	Remembers your name and email address so you do not have to type them again the next time you use the sales chat	Up to 90 days	Frabs, in browser storage
Site notices	Remembers whether optional notices, such as beta applications, are shown, so the page does not jump	Until you clear it	Frabs, in browser storage
Bot check	Confirms that a visitor is a person before they register, send a form or start a chat	Set by Cloudflare for the visit	Cloudflare
Payments	Helps Stripe to prevent fraud and take your payment securely	As set by Stripe	Stripe
Cookie choice	Remembers whether you accepted or rejected Google Analytics, so the banner is not shown again	Until you clear it, or change your choice	Frabs, in browser storage

8.3 Only if you accept analytics cookies on frabs.net:

Purpose	What it does	How long it lasts	Set by
Google Analytics (_ga, _ga_*)	Counts visits and shows us how frabs.net is used, such as which pages are read and where visitors come from. It is not used for advertising	Up to 2 years	Google

8.4 You can change your choice about Google Analytics at any time with Cookie Settings at the bottom of every page on frabs.net. You can also delete or block cookies in your browser settings, but if you block those in clause 8.2 you will not be able to sign in. You can clear the stored chat details by clearing the site data for frabs.net, or by choosing "Not you?" in the chat.

8.5 If we add anything that is not strictly necessary, we will update this notice and ask for your consent before we use it.

9. YOUR RIGHTS

9.1 Under data protection law you have the right to:

(a) be told how your data is used, which is the purpose of this notice;

(b) ask for a copy of the personal data we hold about you;

(c) ask us to correct data that is wrong or incomplete;

(d) ask us to delete your data in some circumstances;

(e) ask us to restrict how we use your data in some circumstances;

(f) ask us to give you your data in a format that you can reuse, where we use it under a contract; and

(g) object to our use of your data where we rely on legitimate interests.

9.2 You can correct most of your account details yourself under Account at frabs.net. To use any of these rights, email info@frabs.net with "Privacy request" in the subject line. We may ask you to confirm who you are. We will reply within one month, and we do not charge a fee unless a request is clearly unfounded or excessive.

9.3 If you are not happy with how we have used your data, please tell us first so that we can put it right. You also have the right to complain to the Information Commissioner's Office at ico.org.uk or on 0303 123 1113.

10. SECURITY

10.1 We protect personal data with technical and organisational measures that are described in Schedule E of the Terms. If a breach of security affects your personal data and puts you at risk, we will tell you and, where the law requires it, the Information Commissioner's Office.

11. CHANGES TO THIS NOTICE

11.1 We may update this notice from time to time. The version and date are shown on the cover and in the header of every page. If we make an important change, we will tell Account owners by email at least 30 days before it takes effect. Earlier versions are available on frabs.net and on request.
