1. ABOUT THIS POLICY

1.1 This policy explains how the Frabs website at frabs.net and the Panel at panel.frabs.net use cookies and similar technologies, such as browser storage. In this policy, "Frabs", "we" and "us" mean the business that operates frabs.net.

1.2 A cookie is a small file that a website saves on your device. Similar tools, such as browser storage, work in the same way and are covered by this policy.

1.3 Frabs uses only cookies and storage that are strictly necessary for the website and the Panel to work. The law does not require us to ask for your consent for these, so the website does not show a cookie banner.

3. WHAT WE DO NOT USE

3.1 We do not use advertising cookies, tracking cookies or analytics cookies, and we do not use social media plug-ins that track you.

3.2 We count visits to frabs.net and the Panel on our own servers, for our own use only, without storing anything on your device for it. How we do this is explained in the Frabs Privacy Notice. Browsers that send a Do Not Track or Global Privacy Control signal are not counted.

3.3 If we ever add anything that is not strictly necessary, we will update this policy and ask for your consent before we use it.

4. MANAGING COOKIES

4.1 You can delete cookies, or block them, in your browser settings. If you block the cookies in clause 2, parts of the Panel will not work, and you will not be able to sign in.

4.2 You can clear the stored chat session and your remembered chat details at any time by clearing the site data for frabs.net in your browser. You can also choose "Not you?" in the chat to forget your details on that device.

5. MORE INFORMATION

5.1 For how we use personal data, see the Frabs Privacy Notice. For questions about this policy, email info@frabs.net.

5.2 We may update this policy from time to time. The version and date are shown on the cover and in the header of every page.
